OCTOBER 2026 HIGHLIGHTS

Tansi / Hello, Braided Journeys Families!

Look at all we got up to this month:

Legal Indigenous Career Day: Students were able to spend the day at Edmonton Law courts. We were invited into a Judges Chamber where students got to sit and meet with a Judge and ask them any questions they had. Students got to sit in a real, live trial and debrief after with any questions they had. We were also invited to go into Indigenous Court- this court is very different from traditional courts, as it sits in circle (ceremony), an elder is present, a judge along with other Indigenous community members. After we spent the afternoon in City Hall where lunch was provided and a job fair, along with drummers and other speeches.

Braided Journeys Family Night: Our first Braided Journeys Family Night at St. Carlo was such a hit! Our Leadership students worked so hard to make the night possible, and we are beyond grateful to all the families that came out to support and get to know myself and our program better. Thank you again to everyone who came out and our Leadership students.
